

V47

Boutique AI consulting, licensed in Abu Dhabi — from AI strategy to production, for governments and enterprises across the GCC.

POSITIONING

Most firms sell decks or sell hours. V47 owns the whole path — strategy, product, and working implementation. Every claim on this site and in this document is written to survive a reference check: no invented client names, no fabricated metrics.

LEADERSHIP

Vigneshraja Kadirvell

Founder & Principal Consultant

11+ years of product leadership across high-growth SaaS, fintech, and enterprise AI — EXL (Paymentor.ai), KPMG (TEJAS).

Sharmili G

Co-Founder & Head of Data Platform Engineering

12+ years in enterprise data platforms and cloud migration — Tech Mahindra, OCBC, AmBank, Wipro.

SERVICES

AI Discovery Workshop

Turns a broad AI mandate into specific, fundable opportunities.

AI Prototype Sprint

From a scoped opportunity to a working prototype an executive can click.

Enterprise AI Strategy

Governance and operating model, not just a technology roadmap.

Regulated AI & Open Finance Frameworks

For banks and financial infrastructure under CBUAE/SAMA oversight.

Enterprise Decision Intelligence Systems

A reasoning layer across fragmented operational data.

INDUSTRIES SERVED

Government

Financial services

Construction

Real estate

Healthcare

Education

Legal

TRACK RECORD

TEJAS — Government of India

National no-code BI platform. 120,000+ users, 15+ ministries. CSI eGovernance Award (2022). NIC/MeitY appreciation letter.

Justice Corner — UAE Ministry of Justice (MOJ)

Governed, multilingual (Arabic/Tamil/Urdu) generative-AI legal-awareness service. Prototype demonstrated to the ministry.

EXL / Paymentor.ai

AI-powered collections and BNPL SaaS platform scaled from pilots to \$5M contracts, GCC bank CXOs.
